

Initial Design

Journal 02
01.23.2025

Location of Project: Rock field driving out to Natural Bridge Climbing Area.

Topology of Project: Bouldering microhotel for chilling and winter use.

Inspiration

Actual Site from Google Maps

balancing in between
2 rocks - old foam for
the floor - some sort
of flashing to keep the
water out.

shell shape to cover
the rock + climbing
area.

use the rock as the
structural element and
form some parametric
shape out.
